

P2 PRE-FILTER

SKU: 21BTP2C

Categories: [Respiratory Protection](#), [Reusable Masks](#)

Pack Quantity 5 Pairs

PRODUCT DESCRIPTION

These P2 pre-filter replacement pads are part of the Barrier Tec reusable respiratory masks range. When fitted to a Barrier Tec cartridge, these high filtration efficiency pre-filters prolong the user life of the cartridges.

CONTENTS

- P2 Pre-filters - Pack of 5 pairs (10 filters)

FEATURES

- Provides protection against Particulates (P2), including those containing oils
- Always keep a clean pre-filter fitted to your main filter to experience longer filter life
- Low-cost protection against liquid splashes and coarse particles before they reach the main filter
- To be fitted with the Barrier Tec organic gas or multi gas cartridges (21BTA1 & 21BTABEK1) and pre-filter holders (21BT501)
- Pack of 5 pairs (10 filters)
- Designed to work with Barrier Tec full face and half face respiratory masks – sold separately.
