

THE REVOLUTIONARY

BANANA CONE!

The glossy yellow Banana Cone™ is already revolutionising the way warning messages are displayed overseas and is now available in New Zealand.

With the warning message inherent in the shape of the cone, these are a must for all situations where easy and quick recognition of warning signs is essential.

STAND OUT FROM THE BUNCH!

Features & Benefits

-  Printed on all four sides rather than two sides like traditional free standing warning signs
-  The banana peel being naturally associated with something slippery means that the warning cone also has a strong message inherent in the shape of the cone
-  Easy stacking and durable plastic makes for ease of storage and long life
-  Wide sturdy base and weight of 910 grams ensures cone will not blow over if used outdoors
-  Patented, trademarked design ensures value for resellers
